

PROJECT PLANNING PHASE JIRA FILES

Date	28 October 2022
Team ID	PNT2022TMID18548
Project Name	Project -AIRLINES DATA ANALYTICS FOR AVIATION INDUSTRY
Maximum Marks	8 Marks

Project RoadMap:

Project Backlog:

The screenshot shows the Jira Software interface for a project named ADAFAI. The left sidebar contains navigation options: ADAFAI Software project, PLANNING (Roadmap, Backlog, Board), DEVELOPMENT (Code, Project pages, Add shortcut, Project settings), and a note about being in a team-managed project. The main content area displays the Backlog for ADAFAI. At the top, there's a banner about a free trial. Below it, the Backlog is organized into sections. The first section is 'AD Sprint 1' (2 Nov - 17 Nov) with 3 issues, all marked as 'DONE'. The second section is 'Backlog' (0 issues), which is currently empty. A search bar and filters (SS, Epic) are visible above the backlog items. A 'Create issue' button is present at the bottom of the backlog section.
